

St. Christopher's College of Education
Faculty Development Programme for Young Faculty of
Colleges and Universities
10.01.2020 - 14.01.2020

The quality of teachers and faculty members will decide the quality of the students and thereby the next generation manpower. With the aim of equipping faculty members with required skills and innovative approaches to develop right pedagogical tools for teaching learning process, the college planned a training programme for young faculty of colleges and universities. The programme included not only teaching skills and methods but also communication, commitment and leadership. The programme aims to raise the quality of the teaching learning process.

The Faculty Development Programme was conducted for five days for the Young Faculty of Colleges and Universities. The participants were invited from different states of India. The programme was planned for 40 faculty initially. Due to the enthusiastic registration, the total number of participants went up to 81. The participants were divided into two groups and sessions were conducted simultaneously.

The programme started with Inauguration and Orientation. During the Training Programme each day around six hours were allotted for lectures on various sub themes such as

General:

- Human Relations
- Communication Skills
- Commitment

Counselling:

- Understanding self
- Understanding Adolescents
- Inner Healing

Teaching:

- Instructional Objectives
- Teaching Skills
- Effective Teaching
- Methods of Teaching & Learning
- Evaluation

Technology:

- Smart Teaching &
- Mobile Apps for Teachers
- Google Classroom

The Experts who have been in the field of Education, counseling and training for nearly a decade were invited as Resource Persons.

Apart from lectures on various sub themes three sessions were allotted for Micro- Teaching Practice. During these sessions, all the participants were divided in to four groups. For each group one senior faculty member from St. Christopher's College of Education served as the facilitator and they were engaged in teaching practice.

During the teaching practice the participants were asked to teach a concept in their subject using the skills and methods taught by the resource person. The participants were given feedback by their peers and the facilitators immediately after their teaching presentation. It was found in the overall feedback of the participants that this practice enabled the young faculty to improve their teaching skills.

At the end of the programme, from the feedback of the participants it was understood that this programme widened the understanding of young faculty of colleges and universities. They also expressed that the sessions provided an insight into various ways of helping students inside and outside classroom.
